Education

Manipal Institute of Technology, MAHE

2024 – 2028

Bachelor of Technology (Computer & Communication Engineering)

CGPA: **6.71**

Class XII: **94.4%**

Class X: **95.8%**

Skills

Programming Languages: Java, C++, C, SQL

Database: Oracle SQL, PL/SQL

Tools & Technologies: JavaFX, Maven, Git, GitHub, VS Code

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems (DBMS), Operating Systems, Computer Networks

Projects

Hotel Management System

Java — JavaFX — Maven

- Developed a desktop-based Hotel Management System using **Java**, **JavaFX**, and **Maven**, supporting room management, booking, customer checkout, and room availability.
- Implemented persistent data storage using **Java File Handling** to retain room data across sessions.
- Applied **OOP concepts including abstraction, encapsulation, inheritance, polymorphism, interfaces, and enums** to build a modular system.
- Implemented **multithreading** for the room booking process and maintained the project on GitHub with structured documentation.

IPL Management System

Java — JDBC — Oracle SQL — PL/SQL — JavaFX

- Developed an IPL Management System using **Java**, **JDBC**, **Oracle SQL**, and **PL/SQL** to manage teams, players, stadiums, matches, and player statistics.
- Designed a normalized relational database using **joins, views, stored procedures, functions, cursors, and triggers** for efficient database operations.
- Integrated Java with Oracle Database using JDBC to perform CRUD operations and execute SQL queries.
- Documented the project with a detailed README describing the database schema, features, and setup instructions.

Extracurricular Activities

- Member, **MIT Cricket Team**
- Organizing Committee Member (Sports), **Revels 2026**
